▶ OUR STORY

As a Minority Owned Small Business, we are proud to be our clients' valued partner, always working side-by-side to navigate through the unique obstacles and challenges we all face in an ever-changing landscape.

We are committed to providing more than just a plan, strategy, technology or innovation, but an accurate execution of achievable goals and support needed for your continued success.

Our consulting and training can mobilize the right people, software, skills and technologies to help organizations improve their performance and transform their business.

▶ OUR PROMISE

We stand behind our work and will always do what is necessary to ensure client satisfaction.

▶ ENERGY

STATE DEPARTMENT OF HEALTH

- Provided Strategic Planning and Governance for the implementation of a Portfolio and Project Management Office (PPMO) that supported 50+ concurrent projects with a total budget of nearly \$400M.
- Provided Agile Transformation and Continuous Quality Improvement via Lean Six Sigma for State staff.

STATE OFFICE OF MOTOR VEHICLES

- Delivered Agile oversight, architecture, and development services in support of a strategic modernization effort to replace the legacy mainframe with an Enterprise Custom Motor Vehicle Solution that engages 2M+ citizens and motor vehicle staff for licensing, registration, violation, reinstatement, and reporting activities.

STATE OFFICE OF TECHNOLOGY SERVICES

- Partnered with state visionaries to develop and implement an Enterprise Governance and Change Management framework that identifies, tracks, and implements changes across the state's 1,500+ application portfolio.

\$1B ELECTRICAL CONTRACTOR

- Delivered Agile Transformation and technology services to build a custom Enterprise Construction Management Solution that supports global training, safety, quality, time, and equipment tracking initiatives.

STATE DEPARTMENT OF CHILDREN AND FAMILY SERVICES

- Delivered Lean Six Sigma-based Continuous Quality Improvement strategy and implementation that trained 100+ staff and implemented 30 strategic projects aimed at increasing the efficiency of services to one of the most sensitive citizen populations.
